03 December 2021

TO WHOM IT MAY CONCERN

**STUDENT NAME**     **Harry Shaw**

**DATE OF BIRTH**     **13/02/2001**

The above student at the University of Cambridge tested **NEGATIVE** for SARS-CoV-2 by PCR on 02 December 2021. The test was performed on a sample collected from a nose and throat swab, reference number UC00050481.

This test was conducted on behalf of the University of Cambridge by Excalibur Healthcare Services, located at Cambridge Science Park, who are authorised by the UK Department of Health and Social Care to provide COVID-19 testing.

The result of this test has been notified to the UK Health Security Agency and NHS Test and Trace via the Second Generation Surveillance System (SGSS) for national laboratory reporting.

If you require further information, please contact us at: [asymptomatic-queries@admin.cam.ac.uk](mailto:asymptomatic-queries@admin.cam.ac.uk) or call the University of Cambridge COVID-19 Helpdesk on +44 (0) 1223 339514.

Yours sincerely,

Dr Isobel Ramsay (GMC no. 7073661)

Clinical Lead for the Asymptomatic Screening Programme

Dr Nicholas Matheson (GMC no. 6076391)

Lead Principal Investigator for the Asymptomatic Screening Programme
